## OWENS – GDI TEAM

### Your Key to Personal Fulfillment and Unprecedented Financial Wealth

#### MISSION

To implement a powerful, practical, strategy insuring that all Owens team members exceed the traditional five levels of GDI payment to include payment on all levels, from first level to infinity.

#### THE DISCLOSURE

Within the structure of Global Domains International, there exists the possibility of going beyond traditional limits and being generously rewarded for those efforts.

You have doubtless utilized the income calculation analysis program of  $10 \times 100 \times 1,000$ ,  $\times 10,000 \times 100,000 = \$111,110$ , right? Whereas getting paid on five levels is both generous and lucrative, have you ever considered what the sixth, seventh, eighth levels and beyond would be?

There exists a realistic qualification that we, as a team, are able to achieve allowing us to be paid not just on five traditional levels, or even ten levels, but all levels to infinity! Imagine an ethical, global, practical opportunity that allows us all to enhance our own lives, and virtually every person we personally develop.

The plan to achieve this qualification would have to be massively effective by being fun, easy, concise, simple, and worthwhile. See for yourself.

## THE PLAN

Everything is in place. The procedure is practical, efficient and easy for you to achieve.

What we do with you, our first line team, you will do with your first line team and so on.

That's it!

If you will simply work directly with your first line team members, exemplify the skills and teach your first line to do the same, the potential is there to build a powerful, loyal, reliable and self-generating team.

**Teach your first line to teach their first line.**

It is the only way you will be able to effectively manage the massive team that will be developed under you and insure your success. It is a proven principle of management implemented in the largest and most successful corporations in the world.

## STEP TWO

## Activate Your Online Business

(Easy)

Depending upon your personal goals and resources, you will want to take full advantage of every opportunity to activate and develop your online business. Here are your most powerful options:

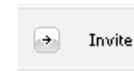

The **ATM** Plan <http://www.weblegacy.ws/teampage>

The Wealth Guide <https://www.website.ws/utilities/>

**Need help getting started?**  
Check out our new [GDI Step-By-Step Wealth Guide](#) for some valuable ideas!

If you have permission to mail to individuals or groups [SPAM IS NOT TOLERATED], be certain to utilize GDI's automated email program. You have to know the correct spelling for both their first and last names in order to be effective. A good idea is to send one to yourself so that you can personally experience the entire program, complete with elegant follow-ups even after you have said "NO".

**TIP:** In my experience, the best way to establish a loyal, quality team is through personal contact. (Imagine someone taking the time to talk with you personally and discover what you really want and what is important to you) When you take the time to do this you are legitimately and ethically qualifying that this person will truly benefit from becoming a member of your team.

**TIP:** By communicating personally, you also will uncover their expectations. If you are to become a masterful, successful and respected leader, all you have to do is guide your first line executives to achieving precisely what they expect.

**TIP:** Use your .ws email any time you contact people regarding your GDI business. It keeps everything organized and also gives you credibility.

And finally, if the sky's the limit for you:

**While ten active first line team members is the qualification, it is certainly not a limit. You can build your team as wide as you wish.**

## THE INFINITY PLAN

### STEP FOUR      Replicate This Procedure With Your Team      (Simple)

This entire document can be passed on to your team, exactly the way I have done it with you. That's simple right? With a well-informed and trained team, your success is assured and management is a dream.

Don't even think about doing this all by yourself! Delegate the responsibility and allow your team members to actively participate. By working primarily with your first line team, you are able to reach your entire organization. It's pretty simple to work with 10+ members. As long as you have trained your team to train their teams, everything becomes simply a matter of process.

### STEP FIVE      Personal Fulfillment and Unprecedented Wealth      (Worthwhile)

You're in for quite a pleasant surprise. The amount of passive income that you will be generating for yourself prior to fulfilling this plan will likely exceed your expectations, however when you hit "Infinity," it becomes a whole new level.

Remember that you will be able to access your down-line activity only to 5 levels and of course you will monitor that to maintain the drive to 5,000. What you will not see is the hundreds of thousands on levels six through infinity. One of these months, in the not too distant future, your team will be in place, you will exceed the infinity qualification and your already healthy monthly income will take a quantum leap.

You will accomplish this substantial financial level honestly, ethically and as a direct result of your own personal skills. It makes it all worthwhile doesn't it?
